Did you know that fresh/frozen berries contain potent antioxidants that have particular benefits for dogs & people. Give a few to your dog especially in times of increased physical stress or after extreme physical exertion (such as having so much fun playing here). Do not overdo any one antioxidant, try to mix other things like vegetables & fruits with their food.

We had fun with the Halloween decorations. The wonderful pumpkin with our logo, was done by Reds Garden Center.

Remember to think ahead regarding any overnight stays for your dog. The sooner you

can reserve a space the better. One less thing to think about while getting ready for your time away.

We realize how frustrating this construction is to everyone. Please keep your eyes open for changes at our gate & if you pass it try to go through the parking lot across the street (baseball field) & go around to the entrance again.

Another reminder, **please call ahead** to let us know (if you are not already on a regular schedule) when your dog will be coming to daycare. Once the roadwork is finished it will be much easier to get here & we don't want to have to turn anyone away if we start getting too many dogs on certain days.

Dog of the Month! Here he is, Potter Lipke. He started with us on 11/1/05. He is a 3 year old Goldendoodle. Potter loves playing fetch with the balls. He drops it at your feet to get you to kick it. Potter is also a great pool player. It's fun to have him here with us!

FYI: Get a wash-n-go for your dogs here, just ask!
